Accidents & Damage

We're all human and we know that sometimes with the best will in the world, accidents happen.

Most accidents are easily dealt with and resolved with in-house repairs or cleaning. Please let us know as soon as reasonably possible, primarily so that we can ensure you remain comfortable during your stay and secondly to allow us to reduce any long-lasting damage.

If it's a bit of a bigger job, we may have to contract out the repair and if this is the case we do reserve the right to make charges. For example, the replacement of linen or soft furnishings, carpet cleaning or larger scale repairs. These will be charged at the same cost to us plus a 10% administration charge.

Breakfast

If your rate includes breakfast, you will have been given a breakfast order form upon check-in and a time will have been agreed for you to arrive for breakfast. Please complete this order and leave it on the reception desk by 9pm.

Please note that your rate includes one main course; therefore, please select only one option from the menu.

If you're having a full Scottish or Vegetarian breakfast, don't forget to choose how you'd like your eggs.

Breakfast is served in the dining room, which can be accessed via the lounge (where the beautiful views are!).

When you arrive for breakfast at your booked time, take a seat at any of the tables that have been laid with crockery and cutlery and help yourself to juice, fruit, cereals and yoghurt from the buffet, and then we will serve your main course. Your food is prepared fresh in the morning, and we aim for your main course to be served 10 to 15 minutes after you sit down. We'd be really grateful if you could endeavour to arrive on time.

There will be an order form on the table for your breakfast the next day, please complete it and leave it on the table when you've finished breakfast. Your breakfast time will be the same for each day of your stay, if you need to change it, please speak to one of the team.

If you have any allergies, please ensure you've made us aware either during check-in or by making a note on your breakfast order form. You will find an 'Allergen Matrix' document next to the cereal on the breakfast buffet, which details the allergens found in our dishes and the products we use, this is also available on the Guest Directory under 'Allergen Matrix'. With some notice, we can cater for most dietary restrictions, so please let us know as soon as possible if this is something you need.

If you are checking out early and won't have time for breakfast, let us know as soon as possible the day before and we will prepare a 'Breakfast To Go' bag for you.

We know you're unlikely to want to get out of our really comfy beds, but we'd be grateful if you could arrive on time wherever possible, as we will have other guests booked and by allocating breakfast times it means we can look after everyone as efficiently as possible. If you arrive significantly after your booked time, you may need to wait a little longer for your food and drinks, but please help yourself to juice, fruit, yoghurt and cereal from the buffet.

Local Produce

We try use local produce wherever we can and are pleased to be able to source sausages, bacon, black pudding and fresh eggs from MacDonald Brothers butchers on Bonnethill Road. They also have a wonderful delicatessen if you are in need of items for a picnic lunch! Our Smoked Salmon comes direct from the smokehouse at Dunkeld Smoked Salmon, just a few miles up the road in the beautiful town of Dunkeld. Our jams and marmalade are Mackays of Scotland.

We test the fire alarm weekly and will notify you of this via a notice on the breakfast table or under your door.

If we are not at home and the fire alarm activates, we will be notified by the alarm receiving centre and will contact the emergency services whilst making our way back as quickly as possible.

Forgotten Something?

If you've arrived without something vital, we have a small supply of essential items available, to tide you over until you can get to the shops (Co-Op is open until 10pm every day).

Our 'to the rescue' cupboard includes:

- Disposable razors (for faces and legs!) and shaving foam
- Toothbrush and toothpaste
- Sanitary products (can be found in the top drawer of the black cabinet in the Guest WC, which can be found through the door to the right of the reception desk - as you face the desk - the WC is on the right)
- Earplugs
- Eyemasks
- Hairspray
- Deodorant
- Plug adaptors for plugs from various countries
- Small selection of phone chargers/cables

Just ask one of us if you need something, or leave a note in the box at reception, and we'll drop it to your room.

Heating & Ventilation

The windows in all rooms open to let in fresh air and provide ventilation on warmer days and there is an electric fan in your wardrobe.

In an effort to help us save energy, please try to avoid going out and leaving the windows open on cold days. If you would like to leave the window open on a cooler day, please turn the radiator off whilst you are out, to avoid wasting energy.

Please let us know if you are at all uncomfortable and we will do everything we can to assist.

You can adjust the heating in your room using the thermostat on the radiator as follows:

Solid dot or triangle = 'Off'

1 = lowest heat, increasing in increments - the heat will keep increasing as you turn the thermostat, until it can't turn any further and the radiator will then be at maximum heat.

Snowflake symbol = radiator will warm up to prevent freezing but will not get warm enough to heat the room.

Housekeeping

We don't service rooms during your stay, but if there's anything you need such as fresh towels or your bins changed, please let one of us know at breakfast time, leave a note in the basket at reception, or give us a call on +44 1796 470355 or by using the phone at reception and we'll be happy to help.

There are always at least two spare toilet rolls in your bathroom, but should you need a replacement, you can find a supply in the guest WC which can be found by going through the door to the right of the reception desk (as you face the desk) and the WC is on the immediate right. The toilet rolls are in the small black cupboard next to the toilet. Or give us a call and we'll pop some in for you.

If you need additional tea or coffee supplies, you can find them in the hallway outside the breakfast dining room.

Ice

Ice is available in the Fergusson Bar from approximately 6pm.

In-House Entertainment

Your room has a smart TV with access to streaming services (Netflix, etc.), you will need to use your own login (don't forget to log out before you leave - we know how annoying it is when someone else adds things to your 'To Watch' list!).

All rooms have televisions with terrestrial television channels and DVD players. We know DVD players are a bit 'old school' these days and that most of you will have long packed away your travel DVD 'flip book', so we have a selection of DVDs in the lounge which you're very welcome to borrow during your stay.

We also have a selection of books and board games available in the Fergusson Honesty bar and in the lounge. Please either return or leave in your room when you leave, so other guests can continue to enjoy them.

Ironing Facilities

We have an iron and an ironing board available for guest use. Please let us know if you need it, with as much notice as you can, so that we can organise it for you. Once you're looking crease-free and wonderful, please return the ironing board to reception so it remains available for other guests if required.

Keys & Security

Please make sure you take your keys with you when you leave the building.

As this is our home as well as our business, we don't cover reception 24 hours per day, so the front door is locked outside of check-in/check-out times.

When you go out, please remember to lock your bedroom door and to pull the front door shut behind you, it can stick a little in wet weather so may need some 'encouragement'!

The small, gold key on your key ring is for the front door and you only need to use it in the top lock. Turn the key and pull the lower handle down at the same time, and you're home safe and sound!

The outside of the property is covered by CCTV cameras and a video doorbell, which record images and sound 24 hours per day. This is stored on a remote server to which only the owners and manager of Beinn Bhraicigh have access. We record and store the images for the purpose of home and business security. Should you require further information, please don't hesitate to contact us.

Lost & Found

If you've lost any items during your stay, please contact a member of the team who will be more than happy to assist where possible.

Parking

Complimentary parking is available for all registered guests. Please park within the marked bays so that all spaces are usable.

Beinn Bhracaigh cannot be responsible for vehicles, or their contents and guests accept that Beinn Bhracaigh holds no responsibility for the loss, damage, theft or otherwise, by parking their cars in the car park.

Tea, Coffee & Water

You will find a tea and coffee tray in your room, stocked with complimentary tea, coffee, hot chocolate and Tunnock's Tea Cakes.

You can top up your tea and coffee supplies from the baskets between the dining room and lounge. You'll also find fresh milk in the funky orange fridge.

Additional bottled water can be purchased from the Fergusson Honesty Bar. The tap water is safe (and pleasant!) to drink, so you can happily refill the bottles or use your own reusable drinking bottles.

The Fergusson Honesty Bar

Beinn Bhraicigh was originally built in the late 1880's and to honour the family who built it, we named our cosy Honesty Bar, The Fergusson Bar.

Available to you at any time, you can make yourself comfortable and help yourself to our extensive selection of whiskies, spirits, wines, beers and soft drinks and why not accompany your drink with some crisps or your red wine with a bar of dark chocolate?

We pride ourselves on our selection and are pleased to stock local whiskies from Blair Atholl Distillery, Erdradour and Aberfeldy as well as Pitlochry Gin. Don't forget that Beinn Bhraicigh guests get 10% off when visiting the Blair Atholl Distillery.

You'll find a price list on the bar. Spirits are all labelled with a different colour dot and this corresponds to the price on the price list. Shots can be measured using the barrel measures on the bar. Once you've poured your drink, make a note on the clipboard of what you've had, and we'll settle your bill on the morning of departure by cash or credit/debit card.

You are welcome to enjoy your drinks in the bar, take them into the lounge or out into the garden. All we ask is that you drink responsibly and are considerate of other guests.

If you are travelling with young people under the age of 18 years old, the adult on the booking is responsible for ensuring that only those aged 18 years old or older access the alcohol within the honesty bar and this also means that those under 18 cannot collect or prepare drinks for those over the age of 18. This is to comply with the conditions of our alcohol licence and thank you in advance for helping us to do so.

The History of Beinn Bhracaigh

Beinn Bhracaigh – A Healthy Retreat

The Perthshire town of Pitlochry owes much of its heritage and prosperity to the medical profession. Queen Victoria and Prince Albert first visited the area in 1842 and purchased the highland estate, Balmoral. The Queen’s personal physician, Sir James Clark, was keen to promote the health-giving environment. That endorsement, along with the arrival of the railway in 1863, resulted in the construction of, what was described at the time, as “comfortable and elegant houses.

Much of the land where that speculative development evolved was owned by the Fergussons of Baledmund. From the mid-century onwards Pitlochry became a popular, healthy, holiday town and some spectacular houses sprang up – including along Higher Oakfield. One such property is number 14.

A feu charter (land tenure agreement) survives between James Grant Fergusson and Robert Robertson Fasson, indicating that the Fassons were associated with number 14. By 1884 the house, originally called ‘Balrobin House’, was held by Charles Hamilton Fasson, Esq., an accomplished medical man. Charles was born in London in 1821, studied medicine and served in the army as a surgeon. He became Surgeon General to the Indian Army, was then appointed Superintendent of the old Edinburgh Infirmary and became Deputy Surgeon General of all Scotland. He was instrumental in the creation of the Edinburgh Royal Infirmary (opened 1879) and became its first Superintendent. After his first wife died, he re-married Margaret Sarah Robertson, but she also died in 1882. Just two years later he appears in the records at ‘Balrobin House’.

Charles Hamilton Fasson died in Edinburgh in 1892. A daughter by his first marriage, Amy Catherine Fasson, was in residence in 1894, but the house was owned by her half-brother, Robert Robertson Fasson, a Doctor in the Royal Navy.

By the time Amy Fasson died in 1928, she had moved to Edinburgh and, in her stead, in 1927, pioneering Nurse, Mary Kennedy Lindsay, was at 'Balrobin'. She is known to have run private nursing homes and it is believed that she established one at the house. Mary also died at Edinburgh, in 1962.

By 1995, the house had become the 'Balrobin Hotel'. Other names were associated with the place, including; Hamish and Carolyn Hohman and Alfred, Ann and Lisa Berry who re-named the house as Beinn Bhracaigh (Ben Vrackie), after the "speckled mountain" which towers over Pitlochry.. In 2011, James and Kirsty Watts acquired the property,

The Watts sold up in 2024 and the house, with its original core and later extensions, is now in new ownership with Adam, Tom & Sean at the helm, ably assisted by Tom's mum Ros and resident B&B Whippet, Hugo, and this fascinating Victorian retreat is about to begin a new "healthy" chapter.
